Nose is vegetal, evokes the taste of artichokes, sugar cane and alga. Mouth is marked by notes of leather, ripe fruits, pears, apples, underlying flavours of deep black sugar. A different structure to caribbean rums, more minerality and almost salty notes. The ending is long and spicy with a beautiful persistent fruitiness.

Mineral and nice salinity

70cl - alc. 40% vol.

Its nose is rather vegetal and evokes the taste of artichokes, sugar cane juice and alga. The mouth is marked by notes of leather, very ripe fruits, pears, apples. We find underlying flavours of deep black sugar and coca. A different structure to caribbean rums, more minerality and almost salty notes. The ending is long and spicy with a beautiful persistent fruitiness.
