

# Chichibu Hills

## Product short description:

Founded in the late 19th century, the brewery Asahara Shuzo is runned by two young Tojis, which is relatively rare. They are experiencing a great success thanks to the inventiveness and variety of products. We propose to taste two sakes from this brewery.

**2 SAKES 72cl - ASAHARA SHUZO**  
Musashino Junmaï - Musashino Junmaï Ginjo

Asahara Shuzo is a family brewery located in Saitama Prefecture, in the heart of the hilly region above Chichibu mountains. This green and very area is known for the cultivation of fruit trees, including plum and Yuzu.

Founded in the late 19th century, the brewery Asahara Shuzo is runned by two young Tojis, which is relatively rare. They are experiencing a great success thanks to the inventiveness and variety of products: sakes but also rice liquors and even beers.
