

Yuzu Gin

Product Type: Gin
Alcohol: Alc. 47% Vol.
Format: Bouteille de 75cl
Producer: Kyoya Distillery
Region: Pref. of Miyazaki

For the preparation of Yuzu Gin, two vintage cuvées of Beni Satsuma sweet potato shochu based are used. A great originality of Kyoya is coming from the fact that these shochus are fermented in traditional terracotta jars before distillation.

Pure Japanese essences

The flavors of this sweet potato, unique to Miyazaki, is combined with an ancient way of working, to give to the final product deep and delicate aromas, rarely found in conventional gins. The use of ingredients such as Yuzu, Sancho pepper, Ginger, Hyuganatsu Citrus and especially Citrus Hebes, a citrus variety native to Miyazaki, emphasizes this local character. Typical Japanese flavors, unique, vivid, incomparable.
