## Product short description:

Bottled without cold filtration, this pure malt has, as its name suggests, been matured in barrels of mizunara, the famous Japanese oak. The influence of the precious wood is expressed in complex, spicy, woody aromas.

Blended Whisky, Japan / Honshu - Saitama  
70cl - alc. 46.5% vol.

**Detailed tasting notes:** the beautiful bronze golden robe of this whisky is in perfect harmony with its gourmet and pastry profile. And if the origins of the single malts that make up this vatted gourmand are not officially revealed, they probably come, like the Double Distilleries, from Hanyu and Chichibu.
